### **Ashtar Command**

There are many things in this universe we do not understand. Moreover, the public has been continually conditioned by mainstream news that we are the 'only beings' in existence, while Hollywood glorifies, and capitalises on, the idea of invasions from evil aliens. On the other hand, reality is somewhat different - UFO's have been around for centuries, and people have been abducted from all over the world for the last 50 years. And all this with the government's knowledge, but everything conveniently kept hidden from the public.

Hollywood has made excellent attempts publicising the alien phenomena and stimulating public awareness; however, there has not been a positive movie about aliens made since the 1980's! The truth is that the ignorance generated by our own government is the biggest enemy, along with the government's alliance with dark forces such as the Zeta-Reticuli greys. Additionally, there are other dark races out there, which not many people know about, such as the Reptilians, Draco, and the Annunaki. Such races are known to most only through ancient myths and legends. However, even lesser known groups, are the positive alliances who are 'fighting for the good of mankind'. In the coming years, up to and including 2012, this world will be going through an 'ascension process', in which we will spiritually move from the dark 3rd dimension, into the higher vibrations of light, love, and spirit of the 5th dimension. Many sensitive people, throughout the world, have already been feeling the effects of this process, as our bodies break free of the old double-stranded DNA helix, and evolve into new 'bodies of light' of vastly superior 12-strand DNA.

### **Galactic Federation of Light**

The Galactic Federation of Light is made up of many worlds that are committed to the cause of helping Earth to ascend. Within the Federation is the Ashtar Command, a division whose members have the sole mission of helping in this ascension process.

The Ashtar Command sends spiritual guides, who speak through a few people in this world, and who have a special mission here on Earth. These spiritual guides 'with a mission' are regular humans who have taken birth, just like everyone else; however, their spiritual lineage is not native to the Earth. These people are light-workers and star-seeds, whose spirits originated from various worlds within the Galactic Federation of Light, such as Lyra, Sirius, the Pleiades, and countless others. There are also children who are born today, whose current bodies are already more highly evolved than older humans - they are known as'

Indigos' or 'crystal children'. And lastly, some souls are 'walk-ins', where the original soul, born to a body, moves on, and a light-being 'walks into' the body that has been vacated.

### **Light-Workers**

The light-workers on this world are the 'ground crew' of the Ashtar Command. The Command is headed by Ascended Masters, and consists of millions of etheric 'ships' that surround Earth and watch over us. The ground crew (light-workers) is here to receive the Command's guidance, and to directly interact with the people of the Earth.

### **Ashtar Command/Great Brotherhood/Sisterhood of Light**

'The Ashtar Command is the airborne division of the Great Brotherhood/Sisterhood of Light, under the administrative direction of Commander Ashtar and the spiritual guidance of Lord Sananda, our Commander-in-Chief, known to Earth as Jesus the Christ. Composed of millions of star-ships and personnel from many civilizations, we are here to assist Earth and humanity through the current cycle of planetary cleansing and polar realignment. We serve like midwives in the birthing of humanity from dense-physical to physical-etheric bodies of light, capable of ascending into the fifth dimension along with the Earth.'

'We of the Brotherhood of Light, and we who serve in the Intergalactic Fleets and Cosmic Federation Councils, come forth to bring you knowledge for a most eventful and confusing transition ...'

The Ashtar Command is an etheric group of extraterrestrials, angels and light-beings, and millions of 'star-ships', that are working as coordinators of the activities of the space-fleet over the western hemisphere. Under the spiritual guidance of Sananda (the Most Radiant One), the ascended master who walked the Earth incarnated as Jesus the Christ, Ashtar, the commander of the galactic fleet and representative for the Universal Council of the Confederation of Planets, is currently engaged in Earth's ascension-process.

### **The 144,000**

There are 144,000 light-workers called 'Eagles' connected to the Ashtar Command. This is the minimum number of souls required for the ascension process. These Eagles are a group of souls who do not identify with any particular planet. They know they are one with all, and that they are Christ (fundamental to any discussion of New Age Christology is the recognition that New Age followers distinguish between Jesus, a mere human vessel, and the Christ consciousness (variously defined, but always divine, and often a cosmic, impersonal entity)). The light-workers serve like cosmic midwives in the ascension process - the birthing of humanity from dense-physical into physical-etheric bodies of Light, which are capable of ascending, with the Earth, into the fifth dimension. Light-work is incorporating Jesus' message of Love and Light into our daily lives, and ultimately connecting with our 'Higher-Self'.

### **Conclusion**

There is so much more out there, so much more we need to learn. The Ashtar Command is here to help. If you have always felt 'different' throughout your life, like you could never fit in, or have always wanted 'to go home', even when sitting in your own house, then you may be a star-seed yourself! To find out more, use the internet and search for 'Ashtar Command' resources that can help you explore, and possibly learn more about yourself and the universe around you.
