Just the Facts...

Welcome

Welcome to another newsletter...

In this issue, by popular demand, we reprint "The Occult Signs".

As always, no hugs, just the facts... So let's jump right in...

Kind regards,

Campbell M Gold

Lifting the Veil

Occult Signs

Commonly used occult signs include:

(1) SQUARE - The square symbol represents the occult element of Earth.

(2) TRIANGLE - Sometimes called the Thaumaturgic-Triangle. This is an important figure, as many of Satan's symbols contain triangular elements (See 3, 6, 7, 8, 10, 13 and 15). In coven meetings a triangle is depicted on the floor, usually in the place where the spirit or daemon that is being invoked will materialise. The triangle represents the occult element of fire. The triangle is often used in magical processes such as spell casting, and demon summoning.

(3) PENTACLE - The five points of this symbol represent the occult elements of Earth, Water, Fire, Air and Spirit. The pentacle often contains signs representing occult gods. This symbol is also depicted in the Tarot suit of pentacles.

(4) CIRCLE - Many of the Satanic symbols are enclosed by a circle (See 6, 7, 8, 9, 10, 11, and 15). The circle represents eternity as it has no beginning or end. The circle is also a symbol of protection. During certain rituals, the Satanic Priest will stand in the centre of a pentacle that is protected by two enclosing circles. The circle represents the occult element of air.

(5) INVERTED CROSS - Often referred to as the 'Southern Cross'. This symbol represents the rejection of Christianity. The inverted cross is displayed in Satanists' homes and is always present at coven meetings. This symbol is often present in Satanic art, record album covers, jewellery (especially necklaces, pendants, rings, and earrings, etc). Satanists often tattoo or cut this symbol into their body. The position of the symbol on the body is not important.

(6) PENTAGRAM – The meaning of this symbol is similar to that of the pentacle (See 3). However, with the addition of the enclosing circle, the user is protected, and spirit power is concentrated. The five points of this symbol represent the occult elements of Earth, Water, Fire, Air and Spirit. This symbol is used by Witches in their 'White Magic' rituals.

(7) THE INVERTED PENTAGRAM - This symbol is the goat head representation of Satan. The two upper triangles represent the goat's horns, the two side triangles represent the goat's ears and the lower triangle represents the goat's beard. The three triangles facing downward also represent the denial of the Christian Trinity of Father, Son, and Holy Spirit (See 'The Symbol of Baphomet'). This is a powerful symbol which is associated with 'Black Magic', and Satanism - it is one of the representations of Satan himself.

(8) ANARCHY - This symbol represents the overthrow of all law and natural order - Particularly Christian law and order.

(9) BLACK MASS INDICATORS - These symbols are used to show where a black mass is to be held, or has taken place. A Black Mass is a Satanic ritual that copies the Catholic Mass in essence, however it represents the exact opposite of what the Catholic Mass is portraying. During the Black Mass, 'holy items' are defiled, and 'forbidden' activities are performed. During a Black Mass, sacrifices are made. These include animals, adults, children, virgins, and especially unbaptized infants. One of the key elements in a black mass is the recitation of the 'Pater Noster' (The Lord's Prayer) backwards.

(10) THE HEXAGRAM - This symbol is also known as the Star of David and the Seal of Solomon. The hexagram represents the universal life force or God. Hexagram amulets are worn by Satanists for protection, and to concentrate spirit power.

(11) THE SWASTIKA - This symbol is also known as the broken cross, and represents life and harmony. It is also known as the Sun Wheel - An ancient religious symbol. In Sun God worship, it is supposed to represent the sun's course in the heavens. In Satanic use (it is a modern symbol of evil), the swastika's arm direction has no significance. This symbol has also been used by many organisations, including the Nazi party. The Nazi party used the counter-clockwise symbol to depict movement away from the 'God-Head'.

(12) THE CRESCENT MOON AND STAR - This symbol represents the goddess Diana and the star of Lucifer (Satan).

(13) THE INVERTED AXE - The symbol of the double bladed axe represents justice. Satanists display an inverted axe to represent anti-justice or injustice.

(14) THE SYMBOL OF ETERNITY - The eternal eight symbolizes the belief that Lucifer (Satan) is the true Son of God and will reign forever. This symbol is also depicted on many of the Tarot trump cards.

(15) THE CROSS OF NERO - This symbol represents an inverted cross with the cross-arms broken. In Satanism this symbol represents the denial of Christianity and a breaking away from the Christian faith. In the 1960s this symbol was known as the 'peace symbol', today, this symbol is used by Satanists and occultists to represent a broken cross - the defeat of Christianity.

During a Satanist's initiation he will take a ceramic cross and will hold it inverted by the cross-arms. The cross is then brought down sharply onto the top of an altar breaking the cross-arms in a downward motion. This ritual symbolizes the initiate's break from Christianity, and his acceptance of Satan.

(16) THE ANKH - This symbol was used by the ancient Egyptians in the worship of the sun god Ra. It represents life, and is believed to have magical power. When inverted, the ankh symbolises the breaking of the Christian cross (see 15). In Satanic initiation, some covens require a Christian initiate to break a ceramic cross upon the high altar. The Christian grasps the cross by the cross arms and brings it down inverted upon the altar. This action breaks the cross arms in a downward motion and describes the Ankh. The Ankh is often associated with fertility, and Satanists often have jewellery made in the representation of the Ankh.

(17) THE SATANIC 'S' - This symbol is used by many heavy metal rock groups and it represents Lucifer falling like a lightning bolt from heaven. It also symbolises power and represents the link between heaven and hell. This symbol was used by Hitler's Nazi 'SS' troops.

(18) TRAIL MARKERS - These symbols are used to point the way to a coven meeting. Today, these symbols are not very common, as participation in coven meetings is usually by invitation only. Satanists do not hold public meetings.

(19) NATAS - This symbol is the word 'SATAN' spelt backwards. In Satanic writing, backward spelling is often utilised to create obscurity. NATAS is an example of this practice.

(20) AC/DC - This abbreviation means 'Antichrist/Devil's Child'. This slogan is frequently found on the clothing of Satan's followers. This symbol is also the name of a 'heavy metal' rock group.

(21) THE NUMBER OF THE BEAST - This represents Satan's number as revealed in the Bible's book of Revelation (See 24 and 26). Rev 13:18 says: 'Let Him that has understanding count the number of the beast; for it is the number of a man; and his number is six hundred, three-score and six.'

(22) THE SCARAB - This symbol represents the Egyptian Scarab beetle. The scarab is an ancient Egyptian symbol of life and reincarnation. It also represents Beelzebub, the Lord of the Flies.

(23) THE ALL-SEEING EYE - Also known as the Udiat. This symbol represents spiritual vision. Tradition speaks of masters developing enough spiritual power to open the third eye and to see with spiritual sight. The third eye is situated in the forehead between the two natural eyes. There are many variations of this symbol; however, they all have one thing in common - the eye itself.

(Picture right – Reverse side of the US great seal)

Many Satanists apply unguents or oils to their forehead area to activate this third eye. Often, the all-seeing eye is portrayed at the apex of a pyramid. Such is the case of the Illuminati pyramid depicted on the reverse side of the Great Seal of the United States.

(24) THREE CIRCLES - This symbol represents the number of the beast or Satan's number '666' as noted in Rev 13:18 (See 21 and 26).

(25) CROSS OF CONFUSION - This symbol represents the Antichrist. It questions the validity of Christianity and the authority of Jesus Christ. The origin of this symbol can be traced to the Romans who questioned the truth and validity of Christianity.

(26) SATAN'S NUMBER - The letter 'F' is the sixth letter of the alphabet. Therefore, 'FFF' equals 'Six-Six-Six' which corresponds to Satan's number as noted in Rev 13:18 (See 21 and 24).

(27) COLLAPSED CIRCLE - The collapsed circle represents the occult element of water.

(28) CHURCH OF SATAN - This is the symbol of Anton La Vey's First Church of Satan in San Francisco. This symbol is depicted in the Satanic Bible above the 'Nine Satanic Statements'. Satanists use this symbol on their documentation, in graffiti. Sometimes Satanists tattoo, or cut this symbol into their body.

Something to Ponder

Illumination

Esoterically, the Sphinx represents a point of judgement our journey of life. As cycles of experience are completed, we are confronted by the Sphinx, and are asked the riddle of life. Those who cannot declare the secret and purpose of life will have to undergo further cycles of experience to grow and thereby find the answer. Many will look to the Sphinx as God, or a guide, or a master, or a guardian, and will wait for him to direct them. However, the Sphinx remains silent and impassive, and the individual will have to undergo further cycles of experience to find the answer himself.

Only the individual, who correctly answers the riddle by declaring himself as the secret and purpose will move from uncontrolled universal cycles of existence to self-determined cycles. In other words, the unification of lower and higher self enables the individual to understand his full potential and thereby take full responsibility for his future expansion of consciousness.

When the individual realises, and declares, that he is the focal point of existence, and discovers the elements of the experienceable universe are but the personified energies of his own potential, yet to be experienced, the riddle of life is solved. Universally-determined cycles are understood and mastered, the sphinx (the barrier to self-determined cycles of expansion) is overcome, and the individual progresses onward in his evolution (the expansion of existence by experience). This process is presented in the symbolism of the 'Wheel of Fortune' tarot card, which is the door between universally-determined cycles and self-determined cycles.
